

We thoroughly enjoyed the presentation that Miriam gave at our school. The kids loved listening to her and especially enjoyed meeting Shreddy. Miriam's message was clearly presented to the children in a way that was both entertaining and educational. Her insight into the writing process was exceptional and the students especially enjoyed hearing about the process of how the characters were created. Planning behind the scenes with Miriam was also very organized and easy. Any school would benefit from having Miriam Laundry present to their students.
