

Teacher Librarian testimonial:

"Miriam Laundry visited our elementary school recently. She presented to our Kindergarten through Grade 3 classes. We found Miriam to be very personable, and enthusiastic about sharing her book, "I CAN Believe In Myself", and spreading her message of perseverance and self-esteem. Our staff and students found Miriam's presentation to be very engaging, meaningful, enjoyable, and interactive...especially when students were able to "shred" their "I CAN'TS". I would highly recommend this book, and an author visit with Miriam as this message is one that resonates with children and adults of all ages".
